

ELECTRIC BELT CUTTER

Power Assisted Belt Cutting For Rubber Belts Up To 2" (50 mm) Thick

The Electric Belt Cutter from Flexco quickly and easily cuts all types of belting from the softest of natural rubbers to the hardest constructed solid woven PVC and fabric plied belts. Complementing the existing range of Flexco belt cutters, the Electric Belt Cutter is safe and easy to use.

- Available in two sizes. The EBC1 allows for cuts up to 1" (25 mm) thick on rubber belts and up to a maximum 360 P.I.W. (630 N/m) on PVC belts. The EBC2 provides for a thicker cut up to 2" (50 mm) on rubber belts and up to a maximum 1140 P.I.W. (2000 N/m) on PVC belts.
- Designed for cutting all belt widths as well as for extended, longitudinal cuts.
- High speed, steel blade provides for a smooth, accurate cut and is protected by a spring loaded blade guard for enhanced worker safety.

Faster.

- Sealed ball bearings support the belt during cutting and allow the operator to feed the cutter into the belt with minimal effort
- Constructed of special high speed steel, the Electric Belt Cutter blade is dual angled for smooth, accurate cutting
- Side handle can be mounted on either side for left or right hand operation

Safer.

- Spring loaded blade guard protects operator from cutting edge of blade
- Top mounted eye bolt for attaching cutter to tool balancer
- Permanently sealed gearbox provides long lasting, maintenance free operation

Smarter.

Features and Benefits

Sealed ball bearings support the belt during cutting and provide for nearly friction free feeding of the cutter on the cutting surface

High speed steel blade is dual angled for smooth, accurate cutting

Cutting Guide is attached to a spring loaded blade guard to allow for a straight, accurate cut

ELECTRIC BELT CUTTER

Electric Belt Cutter

Designed for fast, accurate cutting, the Electric Belt Cutter is powered by a hammer drill. The heavy-duty stainless steel housing construction is strong, durable, and corrosion free and the permanently sealed gearbox provides for long lasting, maintenance free operation. The Electric Belt Cutter can be easily adapted for either right or left hand operation.

The Electric Belt Cutter is packaged in a durable, protective carrying case. Each complete unit includes an EBC1 or EBC2 Electric Belt Cutter with attached hammer drill and power cord, handle, and instruction guide.

CUTTING CAPACITY				
Description	EBC1		EBC2	
	Imperial	Metric	Imperial	Metric
Rubber Belt	Up to 1"	Up to 25 mm	Up to 2"	Up to 50 mm
PVC Belt	Up to 360 P.I.W.	Up to 630 EP	Up to 1140 P.I.W.	Up to 2000 EP
