Quarry Management

The only monthly magazine dedicated to the UK aggregates, asphalt, cement, concrete and recycling markets, *Quarry Management* provides commentary on the latest company news; interviews with key industry figures; quarry case studies; technical articles; national and overseas job vacancies; in-depth industry features; market reports; and analysis on how new legislation may impact the sector.

As the official journal of the Institute of Quarrying, it is essential reading for a large proportion of those responsible for the plant

and equipment purchasing decisions made in the sector. As well as being circulated to all of the Institute's members, its readership is further enhanced by additional UK and overseas subscribers, all of which can be proven by an independently audited circulation (ABC) – providing peace of mind to advertisers.

Quarry Management adheres to a strictly independent editorial policy.
