Quarry Management

Directory of Quarries & Quarry Equipment

The only monthly magazine dedicated to the UK aggregates, asphalt, cement, concrete and recycling markets, *Quarry Management* provides commentary on the latest company news; interviews with key industry figures; quarry case studies; technical articles; national and overseas job vacancies; in-depth industry features; market reports; and analysis on how new legislation may impact the sector.

As the official journal of the Institute of Quarrying, it is essential reading for a large proportion of those responsible for the plant

and equipment purchasing decisions made in the sector. As well as being circulated to all of the Institute's members, its readership is further enhanced by additional UK and overseas subscribers, all of which can be proven by an independently audited circulation (ABC) – providing peace of mind to advertisers.

Quarry Management adheres to a strictly independent editorial policy.

Published biennially, the Directory (40th edition) will be distributed to subscribers of Quarry Management in December 2025. This will ensure your message is delivered to an ABC audited

circulation that guarantees access to every member of The Institute of Quarrying - the key decision makers within the industry; it will also be sold independently and promoted to a wider audience. Benefit from an extended shelf life for your advertising in the UK's authoritative guide to the UK quarrying industry.

online

Agg-Net

Agg-Net is the 'go-to' site for key decision makers within the aggregates and recycling industries. Available on a 'free-to-view' basis, authoritative content is updated seven days a week. General commentary, specialist blogs, market reports and industry features provide an independent and informed voice for the industry, whilst all material submitted by third parties is rigorously reviewed for its accuracy, relevance, and newsworthiness. Agg-Net is the official digital partner for Hillhead.

in person

Quarry Management delivers the official coverage of the showcase event Hillhead.
